

BELLOUSING ADAPTER

080007

Bellhousing Adapter Plate Kit - LS1 T-56 to SBC/BBC

- Allows the use of LS1 Style T56 with standard SBC/BBC
- Constructed from thick steel and electroplated for durability
- Includes all heavy duty hardware

Designed to fit the following engines in conjunction with a LS1 style T56 six speed transmission:

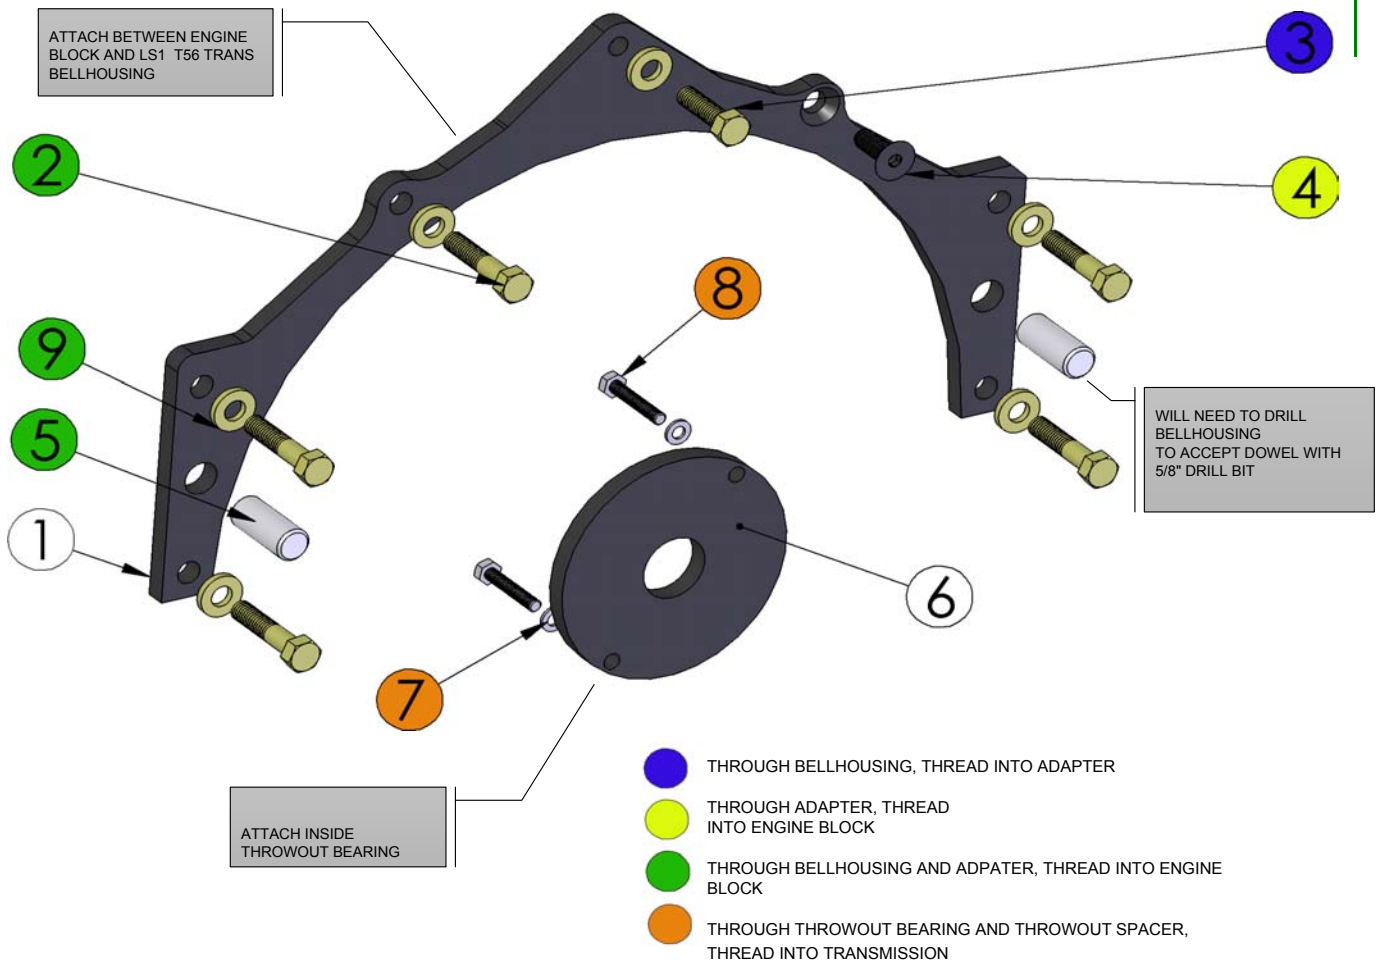

Big Block Chevy
Small Block Chevy

Kit includes:

REF#	PART#	DESCRIPTION#	QTY
1	91080013	BELLOUSING ADAPTER	1
2	980009	HEX BOLT 3/8"-16 X 1.75"	5
3	980008	HEL BOLT 3/8"-16 X 1.25"	1
4	980010	FHS BOLT 3/8"-16 X 1"	1
5	950002	HARDEND STEEL DOWEL PIN 5/8"X1.5"	2
6	99080014	THROWOUT BEARING SPACER	1
7	960004	WASHER STEEL M6	2
8	980011	HEL BOLT M6-1 X 35mm	2
9	960003	WASHER EXTRA THICK 3/8"	6

ASSEMBLY OF 080007

BELLHOUSING ADAPTER

BELLHOUSING MODIFICATION

Due to the bellhousing being spaced back $\frac{3}{8}$ " from the adapter and the throwout being spaced forward $\frac{3}{8}$ " from the spacer, the bellhousing needed to be modified. Modification is required to the notches where the throwout bearing lines exit the bellhousing. Start by simply grinding or cutting out the notches forward about $\frac{1}{8}$ " deep. Fit the transmission with the throwout bearing and spacer attached and make necessary adjustments until the throwout bearing lines clear the bellhousing without any interference.
